

IAFP Conference: What to Pack

Clothing:

Recommended dress is professional, but make sure you feel confident and comfortable!

Shoes:

With plenty of walking, make sure you're in comfortable shoes! Don't plan to break in a new pair of shoes at the conference, and consider packing bandaids for blisters.

Outerwear:

Bring a sweater or jacket for the cold conference rooms! Check the local weather and pack accordingly if you plan to be outside, like a rain jacket or sunglasses.

Accessories:

Consider packing clothes for an impromptu interview if you're on the job hunt, bring a portable charging bank, and don't forget plenty of business cards!
